Engineering & Design Class

Through our grant funding, we have received our 100w CO2 laser cutter/engraver and a CNC router. With this equipment, our team will be able to prototype and build parts out of acrylic, wood and/or aluminum. If your students are interested in designing and creating from 3D modeling software such as Solidworks, have them sign up for the Engineering Design class next school year when registering for classes.

Contact Mr. Sebastian for any questions at joe.sebastian@lfcinc.org.
